

The TOA Global Advantage?

#CollectiveBrilliance

Connect to highly-skilled global accountants.

Connect to 10 years' worth of industry experience.

Connect to TOA Global – the leading global talent solutions provider for the accounting industry.

TOA Global offers specialized talent solutions designed by accountants, for accountants.

Elite accounting talent ready to join your team today!

- Find the talent you need from a global talent pool
- Increase efficiency, billable hours and competitiveness
- Increase capacity, allowing you to focus on building your firm's value and making your clients happy
- North American-based support staff

Highly Specialized

Designed for accountants, by accountants.

We provide 24/5 support tailored to your region, including:

- Offshore Best Practice: Your free course and certification on how to succeed
- Exclusive client events connecting you to industry peers and thought leaders
- Annual [TOAcon](#) event focused on transforming your business and yourself

Skills and Qualifications

Each talented staff member holds certifications and post-graduate qualifications from highly respected colleges and universities around the world.

The Ab² Institute of Accounting

Upskill your staff with in-house training, with the option of specialized training on U.S. accounting through the highly sought-after Accelerator Program

Increase talent retention through:

- Professional Development Plans to help accounting talent grow with your firm
- Comprehensive, world-class accounting and bookkeeping qualifications
- Success skills, leadership and people management programs designed to empower talent

Always-on Tech & Security

Enjoy seamless technology and protect your firm and client data with enterprise-grade security, including staff compliance training to prevent human error.

TOA Global's technology solutions mean:

- People-management platforms giving you full staff member insights, including time management, employee development and the latest industry and TOA Global updates
- The latest in industry-specific secure hardware, tools and applications
- 24/5 access to intuitive platforms that allow you to address any query quickly and engage with the TOA Global team in real-time
